杭实赋能 / Empowered by HIIG

作为杭实集团旗下成员企业，Hienergy 与热联集团、中策橡胶、杭叉集团、金鱼电器等品牌并肩，共享实业资源与全球网络。

As a HIIG Group member, Hienergy joins industry leaders like Resources Group, Zhongce Rubber, Hangcha Group and Goldfish Electric, Shared resources, global network, and long-term reliability.

集团背景 / Group Background

正泰集团始创于1984年，聚焦电力装备与新能源产业链，构建起“3+2”产业创新发展格局——即**绿色能源产业生态群、智能电气产业生态群、智能家居板块**三大核心产业，以及产业培育、科创孵化两大平台。

业务及营销网点遍布**140多个**国家和地区，在国内外设有**20多个**研发机构、**30多个**制造基地，全球员工**4万余名**。

Founded in 1984, CHINT Group focuses on the power equipment and new energy sectors. It has established a "3+2" innovation-driven industrial framework—comprising three core pillars (**Green Energy Ecosystem, Smart Electrical Ecosystem, and Smart Home Sector**) and two major platforms for industry incubation and sci-tech innovation.

With business and marketing networks spanning over **140 countries and regions** worldwide, CHINT operates more than 20 R&D institutions and 30 manufacturing bases globally, employing over **40,000 people**.

杭泰数智能源团队前身始于2009年，依托国资与上市公司股东背景，**深耕东南亚市场**，在泰国设立海外办公室，为全球企业提供绿色、低碳、智慧的新能源解决方案，集**投资开发、系统设计、工程建设、设备供应及运维服务**于一体。

Established in 2009, the Hangtai Digital Intelligence Energy team leverages strong backing from state-owned and listed company shareholders. **With a solid foothold in Southeast Asia** and an overseas office in Thailand, we deliver green, low-carbon, and smart new energy solutions to clients worldwide. Our expertise covers the entire value chain: **investment, design, construction, equipment supply, and ongoing operations & maintenance.**

集中式 | Utility-Scale

聚焦大型地面电站，服务国家级能源基地与电网项目，单体规模可达MW至GW级。

Focused on large-scale ground-mounted plants, serving national energy bases and grid projects — from MW to GW scale.

工商业 | C&I

面向工商业客户，以投资及EPC双模式，提供屋顶光伏一站式解决方案。

Dual Investment + EPC model for C&I clients, delivering turnkey rooftop PV solutions from start to finish.

户用 | Residential

专为家庭和小型商铺量身打造“光伏 + 储能”一体化方案，全程本地化服务。

Integrated PV + Storage solutions tailored for homes and small shops, backed by full end-to-end local service.

集中式服务范围 / Utility-Scale Services

深耕东南亚，聚焦全场景地面及光储融合项目——本地深耕、品质建设、智慧运维，从开发到并网，一站到底。

Deeply rooted in Southeast Asia, we focus on all-scenario ground-mounted and solar-storage integrated projects. With local expertise, quality construction, and smart O&M, we deliver seamless one-stop solutions from development to grid connection.

资源开发 → 可研评估 → 定制设计 → EPC建设 → 并网调试
→ 智慧运维

Development → Feasibility → Design → EPC → Grid
Connection → Smart O&M

工商业核心能力 / C&I Capability

投资与开发能力 Investment & Development

擅长**PPA模式开发与运营**，提供专业的项目投资与资产管理，专注设计长期稳定的收益结构。

We specialize in **PPA model**, providing professional project investment and asset management, with a focus on designing long-term stable revenue structures.

本地EPC交付能力 Local EPC Delivery

有**近百人的本地工程团队**，推行标准化施工与运维体系，并建立7×24小时运维响应机制。

With a local **engineering team of nearly 100 professionals**, we implement standardized construction and O&M systems, backed by a 7×24 response mechanism.

技术与供应链能力 Technology & Supply Chain

提供**设计、技术与供应链**一站式解决方案，项目设计落地泰国、越南、马来西亚、非洲等地。

We provide one-stop solutions for **design, technology, and supply chain**, with project designs successfully implemented across Thailand, Vietnam, Malaysia, and Africa.

户用解决方案 / Residential Solutions

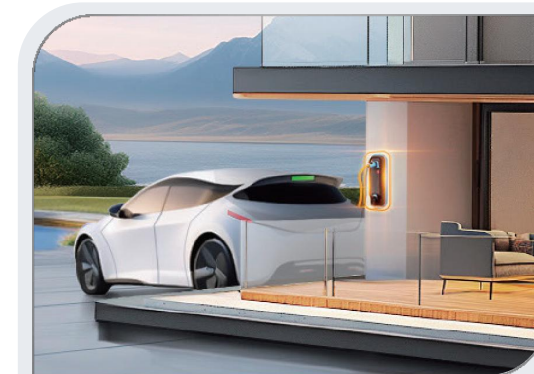

广泛应用于普通住宅、高端别墅及小型商铺用户

Widely used in standard residences, high-end villas, and small commercial properties.

- 泰国、土耳其设立海外生产基地
- 海宁、盐城、酒泉、乐清等国内地区布局生产基地

- Established overseas production bases in Thailand and Turkey.
- Established domestic bases in Haining, Yancheng, Jiuquan, and Yueqing.

产品贸易 / Residential Solutions

针对“泛居家领域”的不同空间场景（家庭、酒店、办公、校园、社区等），产品体系涵盖**中枢网关、交互控制、安防传感**等八大系统，满足多样化智能需求。

Targeting diverse spatial scenarios within the broader living sector—such as homes, hotels, offices, campuses, and communities—our product portfolio covers eight major systems, **including central gateways, interactive controls, and security sensors**, to meet a wide range of smart needs.

智能通讯系统

高通网络全链路至多媒体信息传输通信设备智能管理

智能中枢系统

物联网设备统一接入跨协议设备融合异构系统互联互通

智能控制系统

AI决策设备控制跨设备多系统联动城市级智慧控制

智能照明系统

商业及楼宇照明智能场景联动节能调节优化多业态照明节能管理

重点产品 Key Products

基于云端/本地大模型的 **智慧家居大脑**
AI Smart Home Hub based on cloud and on-device large models

基于正泰云的 **智慧空间物联网SIoT**
Chint Cloud-based Smart Space IoT (SIoT)

基于本地安全可靠的“有线+无线” **混合通信系统**
A secure and reliable local hybrid "wired + wireless" communication system

面向多种空间场景的 **多模态人工智能终端**
Multimodal AI Terminals for Various Spaces

聚焦于 **智能电工/智能照明**
Focusing on smart electrical and smart lighting

国内案例 / Domestic Project Showcase

吉利汽车 Geely

100 MW+

Generates green electricity: 100M+ kWh/year
Reduces carbon emissions: 37,142 t/year

福特汽车 Ford

22.5 MW+

Generates green electricity: 24M+ kWh/year
Reduces carbon emissions: 8,357 t/year

国内案例 / Domestic Project Showcase

海康威视 Hikvision

11 MW+

Generates green electricity: 11M+ kWh/year
Reduces carbon emissions: 5,837 t/year

菜鸟 Cainiao Logistics

80 MW+

Generates green electricity: 56M+ kWh/year
Reduces carbon emissions: 29,714 t/year

海外案例 / Oversea Project Showcase

ZHONGXIN (THAILAND) 4.13 MW

Generates green electricity: 4.54M+ kWh/year
Reduces carbon emissions: 4,550 t/year

FRISKY (THAILAND) 0.27 MW

Generates green electricity: 296,200+ kWh/year
Reduces carbon emissions: 290 t/year

All EPC projects are delivered by Hienergy' s local engineering team in Thailand.

海外案例 / Oversea Project Showcase

YUESHUN (THAILAND) 2.03 MW

Generates green electricity: 2.23M+ kWh/year
Reduces carbon emissions: 2,193 t/year

YAHU (THAILAND) 0.75 MW

Generates green electricity: 825,000+ kWh/year
Reduces carbon emissions: 809 t/year

All EPC projects are delivered by Hienergy's local engineering team in Thailand.

Integrated Energy Solutions Provider
